Security Patrol Update

The HOA President, consulted with the following professionals regarding whether to make the Woods End security patrol schedules available to the residents:

- Major Lightner, District IV P.G. County Police
- Captain Winegardner, District IV P.G. County Police
- Chief Lomax, Statewide Security & Investigative Services
- Sonya Cobbs, Woods End HOA Board member and former law enforcement officer

When asked, "Should the Woods End residents receive the monthly security patrol schedule? Each one of the professionals within law enforcement responded with No.

Regarding safe and successful security patrols, "Being predictable is one of the worst things you can do in law enforcement. It allows bad actors to create plans to undermine your patrol efforts or possibly cause you harm."

This announcement is to respectfully notify Woods End residents who inquired. The Woods End BOD will not be making the security patrol schedules available publicly.

The regularly scheduled patrols are for four (4) hours per day, five (5) days per week and (weekends when noted).

Thanks for your concern and support.
