## 100 Days Report with Councilmember Krystal Oriadha

District 7,

We have accomplished a lot together! As we take a recess for the summer, I am so proud to share with you, all the legislation and programs we have passed through the People's Council.

During my first 100 days in office, I passed legislation that address the saturation of tobacco shops, smarter development, rent increases that put residents in danger of eviction, housing assistance programs, and programs that will make our communities safer.

I look forward to coming back in September to pass more legislation that will improve our District!
